This is to confirm that the service provider has been authorized to perform maintenance, thorough examination, operational testing, overhaul and repair of lifeboats and rescue boats, launching appliances and release gear on Vanuatu flagged vessels, subject to the following conditions pending audit of the service provider for compliance with Resolution MSC 402(96):

1. The service provider shall maintain a valid Approved Service Supplier Certificate issued by an IACS member recognized by VMSL verifying that the provider meets the requirements of MSC.1/Circular 1206/Rev.1.
2. Pursuant to FSL 121819.GEN, the service provider must undergo an audit for compliance with Resolution MSC.402(96) not later than **12 September 2024**, the expiration date of the Certificate of Approval No. **21-4886913-A** issued by **American Bureau of Shipping**.
3. Service engineers shall have valid Authorization Certificates, issued by the Approved Service Provider or by the equipment manufacturer, which defines their level of qualification and the scope of the certification (e.g., makes and types of equipment).
4. The service provider shall maintain valid manufacturers' authorization certificate for all equipment to be inspected and serviced.

A copy of this Document shall be attached to each report of maintenance, thorough examination, operational testing, overhaul and repair of lifeboats, rescue boats, launching appliances and on-load release gear along with copies of the Authorization Certificate for the service engineers who inspected and/or serviced the equipment.

A copy of this Document shall be provided to the vessel's recognized organization and/or Vanuatu nautical inspectors when requested.

This recognition remains valid until **12 September 2024**

Bulent HAZNEDAR
by the direction of the
Deputy Commissioner of Maritime Affairs
The Republic of Vanuatu

Remarks: This " Authorization Letter" has been issued as per Vanuatu head office confirmation.
